

Supplying Quality Industrial Solutions To The Southeastern United States

Engineered Valve Solutions	Actuators	Field Instruments
Globe	Electric	Transmitters:
Angle	Pneumatic	DP, Gage, Absolute
Ball	Spring Return	Level, Flow
Camflex	Hydraulic	Temperature
Butterfly	Double Acting	Flow Meters:
Metal Seated Ball	Damper Drives	Vortex
Regulators	Quarter Turn	Coriolis
Low Cv	Rising Stem	Magnetic
Automatic Recirculation Valves	Analyzers & Integration Services	Loop Indicators:
High Temperature	Environmental	(Analog & Digital)
High Pressure	Ambient Air Analyzers	Control Systems
Low Emission	CEM System & Reporting	DCS Control
Fire Safe	Gas and Liquid	PLC's
Zero Leakage	FT-NIR Analyzer	Analog
Severe Service	Gas Density Meter	Fieldbus
Anti Cavitation	Gas Chromatographs	All Bus Technologies
Cryogenic	Opacity / Dust Monitor	System Design/Configuration
Bellows Seal	PH/ORP and Conductivity	Mechanical Products
Diverter	Ultrasonic Gas Flow & Temperature Monitor	Steam Traps
Bi-Directional	Hydrogen Monitoring for Tubines	Gate Valves
Corrosion Resistant	Zirconia Oxygen / Hi Temp Humid. Anlyzr	Globe Valves
All Connection Types	Generator Condition Monitoring Systems	Check Valves
Exotic Materials	Gas Analyzers	Regulators
Positioners, I/P's, Switch Boxes	Gas Control Systems	Severe Service Valves
4-20 mA	Gas Dryers	Condensate Pumping Systems
Hart Smart	Portable Units	Manifolds, Needle Valves
Fieldbus	Combustion Analyzers	Trap Management Systems
Double Acting	Emissions Analyzer	Energy Management Analysis
I/P	Flue Gas Analyzer	Blanketing Valves
P/I	Analyzer System Integration and Services	Tank Gauges
Go-Switch Lever-Less Technology	System Design & Installation	Safety Limit Switches
Power System Technology	HRVOC Monitoring Systems	Tank Vents
UPS Systems	Safety Shutdown Solutions	Bi-Directional Flame and Detonation Arrestors
Static Switches	Complete SIL-1, SIL-2 & SIL-3 Systems	Engineered Filters
Clamp-on Power Meters	Positioners	Filter Vessels
Digital Multimeters	PLC's	Permanent, Gas Tight Pipe Seals
Insulation Testers	Engineering	Furnace Tube Connectors
Power Transducers	Field Comissioning	Thermocouples
Power Monitors	DMC Services	
Repair & Field Service:		Remanufactured Equipment:
Control Valves	Check Valves	Control Valves
Actuators	Steam Trap Surveys	Actuators
Instrumentation	Installation	Instrumentation
Positioners	Project Management	Positioners
Transmitters	Outage Management	Transmitters
Gate Valves	Data Base Management	
Globe Valves	Control System Configuration & Installation	

DMC - Carter Chambers offers training for all products and applications. Ask your Account Manager for details.
